

VIRIDIA

APARTMENTS

Corner of Wisconsin Avenue &
Mayfair Road | Wauwatosa, WI

vuh-RID-ee-uh
(/vəˈrɪdiə/)

The name *Viridia* is derived from the Latin word *viridis*, symbolizing nature, growth, renewal and vitality. Guided by that theme, the team will bring “natural balance to modern living” through thoughtful architecture, resident-focused amenities, and a setting connected to the evolving Research Park district that will be enhanced over the next several years.

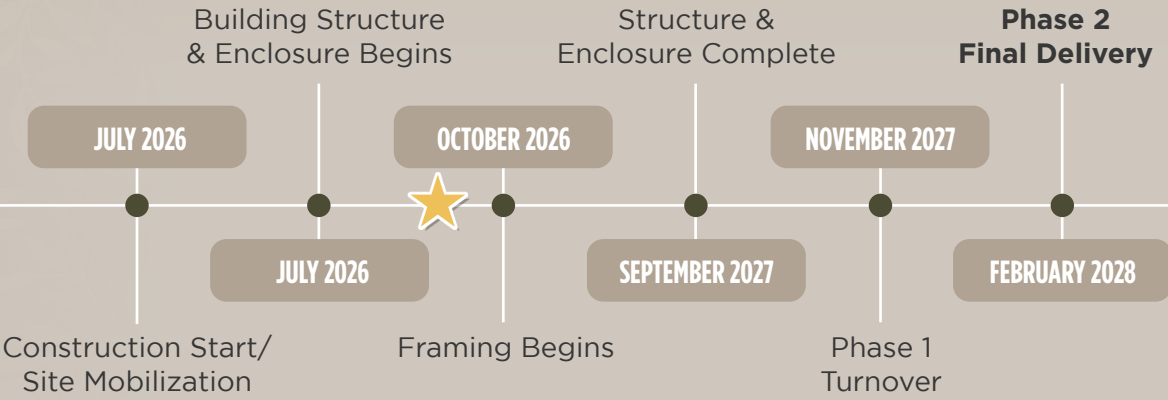

CONSTRUCTION OF VIRIDIA APARTMENTS continues to move forward steadily. Foundations are underway across the site, stairwell construction has begun, and major utility infrastructure has been installed. These early milestones mark meaningful progress as the project transitions toward the next phase of vertical construction.

Upcoming work will focus on continued foundation and site activities, structural work on additional building areas, and preparation for precast concrete installation.
